

Habitat Map - 1999
Reclamation District No. 2059
Bradford Island

Sacramento - San Joaquin
Delta

Study Area

- + Survey markers
- Freshwater Marsh (Land side)
- Freshwater Marsh (Water side)
- Riparian Forest (Land side)
- Riparian Forest (Water side)
- Shrub Scrub (Land side)
- Shrub Scrub (Water side)
- Urban (Land side)
- Urban (Water side)
- Shaded Riverine Aquatic

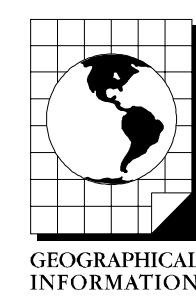

1. The location of Station 0+00 is
Latitude 38.0570, Longitude -121.6581

2. This map shows the location of the
various habitat types associated with the
levees. The lengths of the habitat areas
are accurate but the widths have been
exaggerated by 10 times.

3. Single trees were not mapped due to scale, but
were recorded during this assessment.
